Wyoming Sage-Grouse Research Projects 2012

PROJECT (abbreviated)

Noise impacts from natural gas development
Jackson Hole sage-grouse studies
Simpson Ridge-7-Mile wind impacts
Chokecherry wind project 1
Chokecherry wind project 2
Mine reclamation studies
Impacts of ravens
Natural gas development impacts - Lysite (others?)
Uranium development - Jeffrey City
Genetic Connectivity
Seasonal habitat modeling
Predation - Big Horn Basin
Habitat use - Thunder Basin
SG as umbrella for other species
Natural gas development impacts and GIS telemetry impacts
Wind energy modeling - Albany County
ESDs and Sage-Grouse
Genetic Connectivity in PRB and Bighorn Basin
Source and Sink Modeling - ARPA and Stewart Creek
Habitat Treatments - Bighorn Basin
Response of GRSG to Habitat Treatments - Jeffrey City
Bentonite Mining and Migration Ecology - Bighorn Basin
SG Core Area Effectiveness
Winter Habitat Selection and Risk - ARPA and Stewart Creek
Coalbed natural gas development impacts - PRB
Oil/gas and grouse economics
Looking at lek #s over time across Great Plains - Naugle's student

Wyoming Sage-Grouse Research Projects 2011

PROJECT (abbreviated)

Noise impacts from natural gas development

Jackson Hole sage-grouse studies

Simpson Ridge-7-Mile wind impacts - Hanna/Medicine Bow

Chokecherry wind project - Carbon County

Copper treatment of sagebrush roots for mine reclamation

Impacts of ravens - SW Wyomnig

Coalbed natural gas development impacts - PRB

Natural gas development impacts - Lysite (others?)

Chain Lakes Sage-Grouse Study in the Great Divide Basin in South-Central Wyoming

Uranium development - Jeffrey City

Genetic connectivity - statewide

Seasonal habitat modeling - statewide

Predation - Big Horn Basin

Habitat use - Thunder Basin

SG as umbrella for other species

Nat gas development and GIS telemetry impacts - Hiawatha

Wind energy modeling - Albany County

Formatting Vegetation Datasets for Display and Analysis

Linking metrics of vegetation structure in sagebrush steppe to ecological site descriptions

Genetic Connectivity - PRB and Bighorn Basin

Source and Sink Modeling - ARPA and Stewart Creek

Response of sage-grouse to treatments - Jeffrey City

Bentonite mining and migration ecology - Bighorn Basin

Assessing Greater Sage-Grouse Breeding Habitat with Aerial and Ground Imagery

Winter Habitat Selection by Greater Sage-Grouse Influenced by Coalbed Methane Development in South-Central W

Build-out scenario for sage-grouse

Response to Natural Gas Development - Pinedale

Natural gas development impacts - Pinedale

Notes

Sent back for a title and affitliations of authors missing

WGFD denied their trapping permit, so study is up in the air.

He is not conducting any research in Pinedale, but suggested Aster Canyon is
