Wildlife Viewing Tips:

- **Respect Private Property**. Do not drive or walk onto privately owned areas.
- **Be Safe**. Do not park or stop on narrow roads as it can create a traffic hazard.
- **Use Binoculars** to get a closer look.
- **Use Blinds**. Wildlife does not spook as easily by slow-moving or parked cars. Use existing vegetation such as trees/cattail clumps or your car as a blind.
- **Walk Slowly and Talk Softly** to observe the birds' natural behaviors.
- **Be a Land Steward.** Do not litter or trample vegetation.
