That sounds good. Invites: R6 (you and whomever you wish), R2, R8 (me and John McCamman), UT G&F, AZ G&F, John Frampton, Peregrine Fund expert. Maybe we could do a 10 am to 2 pm meeting and we could get home Thursday evening. Not sure whether AZ can travel so might have to patch them in by phone. Wouldn't expect R2 to participate.

??

thanks

In working on the agenda, we are looking at the Thursday morning session likely being more nuts and bolts staff level, leadership not needing to be there. So from my perspective, we could possibly do this meeting any time Thursday (2/14).

In Tucson, they were towing a disabled plane across the active runway as we were waiting to take off and something happened so that the tow broke down as they were crossing the runway, so they closed the runway and we set for 45 minutes before they diverted to a secondary runway so that we were late enough into Las Vegas to miss the flight.....etc.....etc.
