Thanks for the update Noreen; Dan has reported to us that he met with Governor Bullock during the recent WGA conference here and the Governor appeared to be on the right track for wolf management.

We worked well with Jeff when he used to run FWP (we even tried to snag him for the GNLCC) but he saw greener pastures at that point in his career out on the prairies . . .

We would appreciate an update after your meeting. Thanks for making the "mission essential" travel to keep that all important working relationship with Montana strong.

> Just wanted to let you know that tomorrow I will be in Helena visiting with Jeff Hagener. We have a full day of discussion planned, and much of it involves various listed species or ESA issues. We also have a ½ hour slot to meet with Governor Bullock, who appears likely to be interested to hear about sage-grouse, wolverines, and wolves.
