Eric,
per our conversation I'm attaching a document that identifies the comments we provided to Colorado DNR/CPW a year ago on their Colorado package, with notes on whether or not the comments were addressed in the most recent Synthesis Document.

Drue – Thanks very much.

Susan -- I work for the law firm of Bracewell Giuliani, and am working on contracts with 1) EDF to help establish habitat exchanges in CO, WY, and NV, and 2) the Theodore Roosevelt Conservation Partnership to engage the sportsmen community to encourage the development of strong state and BLM sage grouse habitat conservation plans.

On Monday I am meeting with John Swartout in the morning and Jeff VerSteeg in the afternoon to discuss the CO sage grouse planning process.

Drue mentioned to me that you guys have submitted comments to CO on its sage grouse plan. Would it be possible to get an electronic copy of those comments?

Also, has the FWS reviewed and commented on other state sage grouse plans? If so, would it be possible to get those comments as well?

They will help guide our efforts to convince states to develop sage grouse conservation plans that are as strong and defensible as possible.

Thanks. I can be reached at 202-412-5211 if you have any questions.

Best regards,

Eric
