Subject Re: Fw: COT appendices.doc

Got it, thanks. Dave is working on it this morning, adding Kathy's edits and finishing up where my brain failed me yesterday. I'll add in Rick's comments and then there should only be really minor stuff after that.

I'm not in training today so I can work on this. It was not a biological training so I am not missing out on major fun. :)

Pat,

Only one set of edits, pertaining the “Belt Mountains Population” on page 15. Probably also want to add page numbers.

Thx,
