Subject: Re: Need to schedule Mitigation sub team

Greetings everyone,

Richard has asked to attend the Wyoming presentation on Thursday (tomorrow) but is not available until 1:30. **Please let me know if you cannot attend a meeting starting at 1, and if you are available till 4 or 5 as soon as possible.**

Thank you for your help.

Best,
Theresa

Good Friday morning,

Welcome back Glen, Shauna and Jeff. We've been focused on completing the county data and coordinating with state agencies in your absence. Thanks Theresa for moving ahead with scheduling the disturbance meeting. We also need to get the mitigation sub team together to begin to narrow down what a mitigation program for Oregon could look like. Since many of you are involved in both teams, how about we try and have the meetings back to back? I think we need a two hour block for the mitigation discussion. I propose we meet on Thursday October 24, from 11 - 1 focused on disturbance and from 1-3 for mitigation. We can host the meeting at PSU and bring in some lunch. Looking at the doodle poll so far, I see that Jeff, Glen, Theresa and myself are all available.

Let me know what you think,

Jamie

I saw that the October SageCon meetings are cancelled; most of next week is open and flexible for me with the exception of Monday (though I do plan to call into the core team meeting Monday morning). Could we schedule a conference call or meeting early next week to get caught up on stuff, particularly the disturbance workgroup? With all the efforts and focus on sage grouse, it often seems that if you miss a day, you miss a lot. In the case of the federal agencies, we've missed nearly 3 weeks, thus I imagine there is a lot to catch up on.

Let me know if anything has been scheduled already, or if folks have time early next week to get caught up, and thanks in advance. I hope this finds you all well.

Cheers

Jeff
