No the one that says I have commented on this before…..

It is a vast improvement. It is concise and well written; it gets the point across. Thanks for passing it along. But I do have this one niggling issue.

No questions after a quick scan. And the comment in hunting - I assume you mean the one that says the section is well done. ☺

Seriously, I'm call later this week about the hunting table and I'll pass the kudos along to Kit, who wrote that section. I agree she did a great job.
