We have several documents that we will provide Thursday. We will not be circulating a draft Executive Order at the meeting but would be happy to discuss it with you. We look forward to a robust discussion and resolution of remaining concerns relating to the Utah Sage Grouse Conservation Plan. See you Thursday.

I have your two most recent letters (11/17 and 12/22) and we are working on responses, although it seems most prudent to have this conversation first. In addition, I was wondering about the potential for a draft state Exec. Order? You mentioned in October at the TF meeting that one might be in the works, and I have been hearing more lately about that possibility. If that will be part of our discussion, and if there is a draft that you are willing to share prior to our meeting, that would be most helpful to me in preparation.
