Evaluation Statement

Proposed Classification:	Information Technology Specialist, GS-2210-11 (Computer Forensics Specialist)
PN:	S000334
Location:	U.S. Fish and Wildlife Service Office of Law Enforcement

Reference: Job Family Position Classification Standard for Administrative Work in the Information Technology Group, GS-2200

Title and Series Determination: Information Technology Specialist, GS-2210.
See the evaluation statement for the Information Technology Specialist, GS-2210-13, position, position description number S000329. The evaluation statement at the full performance level, GS-13, explains fully the allocation of this position to the GS-2210 Series, the basis for the position's title, and background information concerning the function of the position.

Grade Level Determination: Refer to the evaluation statement for the Information Technology Specialist, GS-2210-13, position, position description number S000329 for the grade determination. This is an interim position established to provide for a period of growth. The incumbent will receive assignments that are designed to develop the knowledge, skills, and abilities required to carry out assignment to the GS-11 level, the next grade level in the career ladder.

Conclusion: This position will remain at the grade GS-11 level until the employee meets the necessary time-in-grade requirements and the incumbent's supervisor certifies that the incumbent has reached the described level of proficiency and effectiveness contemplated at the GS-12 grade level. Upon meeting all requirements, the incumbent may be promoted noncompetitively to the level of GS-12, providing that sufficient work exists at that grade level to warrant establishing such a position.
