Marla - thanks for the opportunity to take a look at the materials. And kudos for working to put together a convenient place for everything.

Will be back in touch.

> Hi Kate, how are you? I've attached the GrSG comms plan for your situational awareness--the plan has been approved by the RDs and six ARDs (for both EA and ES) in R6, R1, and R8. In addition, we have developed a GrSG website, which we hope to launch in early July. This will provide one-stop shopping on GrSG for the Service, and will also link to a myriad of partner information on GrSG conservation. Again, this website has been approved for launch by all three regions. We are still waiting to hear back from a couple of States to ensure they provide feedback prior to the launch.
