Shauna,

Thanks for keeping us looped in. We are going to have a primarily organizational meeting to walk through technical products related to the state plan timeline so I think it is ok for you to be offline for this call. We'll let folks know they can send you related questions and I'll send out notes for your review.

Julia

All,
As it turns out the meeting agenda here has changed and it looks like I'm needed during our tech team call. I apologize. I will be checking email as much as I can during that time (feel free to send me any questions) and if I can step out at any point I will join on the call.

On the flip side, we're trying to get some resolution on some of the stickier mitigation questions during this meeting, which ultimately will help us inform the Oregon plan ;)

Subject: Mitigation Technical Team 2/24 Meeting

All,
I have to (suddenly) be in Denver for our sage-grouse management team meeting next week (to talk about mitigation ;). However, I think I can step out and call in to our mitigation technical team meeting on Monday.

It would be most helpful if someone could send ahead of time an agenda or main topics that we're going to be covering (and any related documents) so I can be prepared to be of most use to the team.

Thanks,
Shauna

Subject: Mitigation Technical Team 2/13 Draft Notes and 2/18, 2/24 Meeting Reminders

Good Afternoon All,

Attached are draft notes from the discussion today, and a reminder that our next two meetings will be at PSU:

2/18 1:00-3:00 p.m. PSU (Room 710) 7th Floor Urban Center
2/24 2:00-4:00 p.m. PSU Room TBD

A conference line is reserved, please let me know if you need to call in and I'll make sure we have the line open.

Thanks,

Julia
