We are not really sure how we are going to respond to this but it is clear that my FWP career is done. I don't know incoming Director Hagener but I am sure you know him from his previous term. Just so you know, I had approached Acting Director Volesky (who fired me) several times to "do something" on sage grouse the past 2 years but couldn't get him to move. He did ask me about an out the door EO 2 weeks agowithout any partner participation and my industry contacts hit the roof. Hope you keep them off the list and sorry I won't be there to help. My personal contact is 406-437-3212. Thanks, Dave
