That was my take away from my discussion with Darren. He was pretty apologetic, and I don't think he's going to bust us up about anything we provide, so long as we do the transparency piece well. -- gDF

An update as required by the House Report Language just landed on my desk.

It needs emergency surgery before it is stable enough to send to you.

I see Martha requested it by 1/23.

We are working with all diligence to forward you a quality product.

Call if questions.
