No worries. I think Pat was confused…thought she sent it to you but didn't. It's with AEA now. I agree you shouldn't get these from the field and that it should come through EA to you. ☺

Marla, I have no context for this. I don't recall asking for this but correct me if I am wrong. I may have received it and deleted it since I have no context. Did Steve ask for it? It is fine to send it on, yet we need a more structured process so stuff isn't coming directly to me from the field. (Although, if I asked for this directly from Pat I will definitely eat crow and beg forgiveness!) ☺

It went to Noreen about a week ago. I've not seen it back from her after her review.
