ATTACHMENT #5

Means Objective 1: Increase/Enhance Juvenile Salmonid Rearing Habitat		Means Objective 2: Restore Fluvial/Physical Processes		Means Objective 3: Restore More Proper Riparian Function	
Rearing Habitat Metric 1	Rearing Habitat Metric 2	Fluvial Process Metric 1	Fluvial Process Metric 2	Riparian Function Metric 1	Riparian Function Metric 2
Reach Scale Considerations (will vary by site)					
Consideration 1 (i.e. spawning)	Consideration 2 (i.e. adult holding)	Consideration 3 (i.e. proximity to tributaries, valley configuration)	Consideration 4 (i.e. other wildlife habitat)		
Consideration 5 (i.e. recreation enhancement)	Consideration 6 (i.e. infrastructure protection)	Consideration 7 (i.e. cost-benefit)	Consideration 8 (i.e.landownership)
