We heard on Monday that BLM leadership will be there, as well as their DOI rep Jim Lyons. Still waiting on an agenda, but our understanding is that we will be going through our comments and "stop-light matrices" with BLM and they will be looking to come to resolution on consistency issues across planning boundaries as they develop draft proposed plans. Will forward info as I get it.

We have had to slightly change the dates – by one day – of this meeting in Portland. It will now **begin on February 11 at 1:00 and end on February 14 at noon**. Hope this doesn't upend anyone too badly!

We will still be at the Embassy Suites in downtown Portland, and our block of rooms has been created so you can call today to make your reservations at the following number 800-643-7892. (better number than provided yesterday!) The group code is BLM and the block is listed as BLM Sage Grouse Meeting.

Again – sorry for the confusion…just remember: "Change is Good"…especially with a New Year!

More to come later with an agenda. If you have anything that you would like added as an agenda item, please let me know.
