

## National ABC Template for Law Enforcement

The National ABC Code Templates have been developed for two reasons. First, they are to help FWS employees code similar work consistently across the Service. Secondly, the Templates are built to give employees an easier way to find their work without always having to refer to the Activity Dictionary.

### Most common ABC work activities:

If you are in a Law Enforcement (LE) office the codes below should represent most of the work you do on a daily basis. **This Template is provided only as a guide, as such, you may still choose any ABC work activity code that matches your work.** The activities listed here are intended to help you quickly find activities that relate to your work. The majority of LE employees should find themselves in the activities listed below. If the activities here do not describe your work, please feel free to visit the online ABC dictionary to find your work ([http://www.fws.gov/planning/ABC/activities\\_and\\_definitions.html](http://www.fws.gov/planning/ABC/activities_and_definitions.html)).

You can also request help on selecting activities through the Service's online helpdesk (<http://www.fws.gov/planning/Help/helpdesk.html>).

### Other common activities across LE offices:

The activities listed below are not used as commonly across LE offices. However, there are employees that perform specialty functions or auxiliary duties. The list below is intended to capture that type of work.

The activities listed below reflect support activities that are commonly performed at LE offices. Employees who do not spend a material amount of time (>10% in a given pay period) performing these functions are not required to, but are welcome to code this work.
