Hi. I can explain. Are you going to be at your desk this afternoon to chat?

It looks like some of the other reviewers either deleted those small projects or left them blank so I just wanted to verify with you... Did you actually go through all of those projects or did you approve those because we plan on accepting all of the small projects? It's no problem either way. I just want to make sure I know what I'm looking at here. Thanks!
