No, I think it's a good idea. The idea when the answer is "no" is to explain why - this additional bit of information alerts us that there's a possibility this could change.

Hi Gen (and Holly),

As I sifted through the Ag Conv actions... I noticed some patterns among BLM entries... I added (after selecting 'No') "Could be deemed effective if we could obtain some/any documentation from project proponent to support claim..."

Anyways... just a thought. We could then find out who to contact, and share with them our concerns and ask them to rectify.
