Thanks Noreen. I'm thinking along those lines myself with Terry to represent the regional leadership and program delivery and sage grouse issue and then Jeff Rupert to represent the fire program and HQ coordination. Will vet with my colleagues in the directors office and confirm. Thx. Steve

> Steve,
> Not sure if you have decided about FWS member for the Steering Committee. Terry would do it if you all would support that. She would be good, she would help keep the grouse needs in the forefront, and she would be very conscious about reaching across all program boundaries to ensure no one is left behind in the discussions. You may have other plans in the works but I wanted to share this recommendation with you for your reaction.

Subject: Follow-up on Today's Task Force Meeting

Dear Team,

Thank you for the discussion today; it was informative and very helpful. We will work with this team moving forward on the informational paper that Mike requested. I believe that there is a call arranged for Friday. I would ask that you please continue to monitor email and work to address comments as soon as possible so that we can continue moving forward on a rapid timeline. One fundamental question that we will need feedback on from bureaus as we try to work on this issue is what is a "base" or program level outside of the "overhead costs"?

Please provide names to Kim as soon as possible but no later than Friday for your representatives on the Steering Committee and who will serve as coordinators for your office.

Following up on this afternoon's task force meeting, please find below the information on 5-year rolling percentages of acres burned for review.

Five Yr % by Bureau – Acres Burned	*BIA*	*BLM*	*FWS*	*NPS*
2010-2006	14.4%	70.2%	10.2%	5.1%
2011-2007	17.6%	63.7%	12.2%	6.6%
2012-2008	22.0%	67.9%	5.2%	4.9%
2013-2009	21.5%	69.5%	4.2%	4.9%
2014-2010	21.3%	71.5%	3.4%	3.8%

Also, if I dropped anyone off of this email list that should be included, please let me know and we will update.

Thanks, Kris
