Yes thanks - I was asked by Ted to evaluate this against the LUPA last week. The Proposed Plan LUPA uses the unaltered language verbatim.

> Per our conversation on yesterday's FMT call, please see attached the current master drop-in language for final federal plans. This language reflects FWS' recommended revisions on prescribed fire. For those of you in CO and WY, please see below final conditioning language for land tenure issues in those states.

As discussed last week, we made the proposed changes to the prescribed fire language (attached). The language which will be inserted into the land tenure section for GHMA in CO and WY will be as follows. Please let me know if you have any other questions or want to discuss anything.

> *For lands in General Habitat that are identified for disposal, the BLM will only dispose of such lands consistent with the goals and objectives of this plan, including, but not limited to, the land use plan objective to maintain or increase GRSG abundance and distribution.*
