Ok awesome - I actually hate that chapter too but wasn't sure how much I could actually change it :) I am focused right now on editing ch 4.

Keep editing and get something to Sandy and I for incorporation. Give her a heads up you are working on it. I know she is meeting with the FS tomorrow

I am doing the search and destroy, minor edits, and adding in the new tables. Once I pass it to her, I will ask if she wants you to take a peak at it too :)
