Noreen, great to meet you finally as well. We will circulate the draft action items, and other summary materials as soon as Susan completes compiling the latter. In the meantime Ron Dunton and his team is getting started on the report, and we have begun conversations to address some of the fiscal issues that were raised (ES&R, etc.). Susan will circulate policy group emails for contact purposes, and we have set up a small working group tasked with specific follow-up. I looking forward to working with you and your team. Have a great weekend. Best, Janice

> I was dismayed that I left the policy team meeting to catch my flight, and when I got to the airport my flight was delayed two hours. I wish I had stayed to see where the team ended up, but I just wanted to let you know that we will want to assist in any way we can as the team continues forward to determine actions we can take to address the invasives/fire threat. Feel free to reach out to me and also Theresa (Terry) Rabot, ARD in our Region 1 office in Portland. Terry and her staff have taken the lead on many of the invasives/fire issues for the FWS sage grouse team so she is a good point of contact also.
