Yeah, I was thinking the other Pat. I'll touch base with Jeff, but doubt we will meet this week with all the other State stuff going on.

The goal would be to have a final draft by the end of April, with the Land Board approving the Plan at the May 19 meeting.

We are still pressed for time, especially considering the broad range of comments we have received, but by taking the Plan to May Land Board, we will have the ability to work with you on Plan revisions. If we could arrange a joint meeting with BLM, FWS, and IDL on the land exchange process this week (ideally before my northward departure Thursday afternoon) would be most fortuitous. Please let us know if you or your staff are available to meet this week, and if so, we will see if we can arrange a meeting for the three agencies.

Thank you,
