Hi Gen,

Justin made a slight tweak to the filenames (so that we can distinguished phased assessments from refined queries we run later) - so don't worry about that. Good Question about Date 1. Sure, you can go ahead and change it back to Feb 24. That will make for cleaner updates later.

Thanks!
Holly

Hi Holly,

If a search results in 0 records, should I still upload the file to Sharepoint to show that it was looked at or no?

Thanks,
