Hi Shauna,

Not sure if Mark responded to you, but unfortunately I don't have those documents-- otherwise would be glad to help out.

Mark, if these docs are on our G: drive and accessible, let me know and I'll grab and post them.

Thanks, Tyler

It's a nice gathering place for all thing mitigation going on, but also I'm getting communications type questions about how this bank fits in with other local and state mitigation programs, etc. (and I've not see the agreement yet).
