So FYI - Tim Feeney told me that they will be printing these up on 8 1/2 X11 quadruple bonded paper which is the Secretarial standard (I was not aware of this). Anyway, I chatted with Anna about the size and paper and she can fill you all in and you can decide how you want to proceed. Of course, I will deny that said conversation ever happened (now if only I could figure out how to make this e-mail self destruct in 30 seconds.....)

This is what they are willing to approve and although I have explained to them that we've already printed versions for use at the ceremony they are adamant that they will be the ones to supply the documents that are used in the ceremony. Let's just say that Fay is not in the best of moods on this one but I'm trying to pull all sorts of favors to make it work. I need to know if you all approve of the revised docs and if you want the emblems to stay on, I need to know why USDA wasn't represented. These need to approved/resolved in the next 10 minutes, if possible.
