Yes, this is the invite. Not sure how many will be allowed to go, but if you have an interest, let me know!

Thanks,

Heather

Heather:

I got this a couple of day ago from Ken Morgan was ready to add it the CO PFW Conf list for FY16 until I saw on the website (flyer attached) that it is by invitation only. So I guess this is the invite???

Guys,

Take a look at this Summit and see if it is something you or your staff might be interested in. It might be a little too heavy on policy and planning versus on-the-ground practices but I thought I'd check with you guys anyway! Let me know and thanks!

Heather

May be something to consider. I think that PFW biologists may have an interest. Select refuge staff in MT, WY, UT, CO too.

Will,

As mentioned, please see attached the current FWS roster for the Invasives summit in Boise next month. I'd be grateful if you and Maureen would review and discuss with your NWRS/PFW counterparts in R1 and 8 (recognizing R1's program structure is different) and let Dawn and I know if there's merit in including some additional folks, especially given our efforts to broaden FWS' approach to sagebrush conservation.

Summit details are below. I believe the lodging window is closing, so it would be good to get after this soon. Thanks.

Matt

Matt,

Attached is the most up-to-date participant list for the upcoming Weed Summit. I checked with the latest invitee list and there are no additional FWS staff so we may need to re-visit the list and include any additional folks from Refuges and Partners that may be appropriate.

Let me know if you need anything else,
