Got it also. I am currently reviewing our draft and thinking of items that we need to try to incorporate from the COT report. I hope to meet with SPL office soon and then get you folks our draft for review and comment. Travis has done an excellent job of revising this plan. We will be in touch soon. Tom

Tom,

This came to us today but may have already worked its way to you through other channels.

If you have the time, could we discuss the State sage grouse plan and how that might dovetail into the COT objectives?

Thank You
