Subject: FW: Letter to Scott Talbott - Ferrets - Wyoming Block Clear - Signed.

Justin,

Here's some news that just came through this afternoon. It looks like the entire state of Wyoming (except the Shirley Basin non-essential experimental population) is now block cleared for the presence of wild black-footed ferrets.

Alex

Good Afternoon Gentleman,

The signed letter has been sent to Scott Talbott via USPS. However, I have not sent it out to your CC list.

I thought you may want to email it to them directly.

Thank you,
