Hey Jim,
I think I have the correct layers but just in case could you send me the spatial data from the 2004 WAFWA assessment (Connelly et al 2004) depicting the sage-grouse population/subpopulations? This is the underlying data in figure 2 in the COT report, isn't it? Or did you manipulate Figure 2 (not counting the risk colors).
thanks - steve

Subject Latest PAC Draft Map

Here is the latest draft map of the Sag-Grouse PACs. I also added the current Sage-Grouse Range.
