---

Hey Bob - I'm in McDermitt; last day of flying for me is tomorrow; back to Portland tomorrow night. I'll sign up for dunker training in Newport as soon as I have wifi. It's been excellent - ODFW is totally on top of the game and JL is great - safe, professional, courteous and very good at what they do. I've been impressed all week.
Even better, we are finding birds. Not as many as we'd like, but nearly all of the historic leks in the burned area still have some attending males; some as many as 17 birds, much more than expected. I'm optimistic.

Thanks for checking in; I'm happy to debrief with you next week.

Cheers

Jeff
