Ted,
I agree that this would be quite beneficial to have this for GRSG also. We have more information than I realized from a 2012 FOIA, and Jake and I are working on putting that together to help inform permit renewal prioritization. I believe we will discuss this to some degree at the meeting on the 10th. I am interested in seeing their presentation regarding what they did! Thanks for sharing this,
Kathryn

It's a good, thorough accounting of the status of all allotments. These folks are currently developing and sending us plans for what they're going to do, when, for those allotments in this table that are not meeting standards.

Hello,

Attached is the table I think you're looking for. Let us know if you have any questions.

Happy Friday!

Steve N. or Jeff-

I feel like I've asked for this from you before, but I cannot find it: would you please send me a copy of your BSSG grazing allotment tracking table?

Thanks,

Ted
