Oh no! I'm sorry! I didn't think you did anything dumb!

Because of that, I can filter by Category - so I've created a view for Species Report:
https://portal.doi.net/usfws/SG/docs/Forms/SpReport.aspx

The standard footer we use is:

Draft and Pre-Decisional

Greater Sage-Grouse 2015 Status Review, *Brief Doc Description*

Page #

I've attempted to provide a bit o' guidance on records, but when we bring on the actual record managers, they will likely do a much more thorough job of it :)

Thanks again!
