Matt,

This agenda looks good to us, thanks for putting it together. We are looking forward to the meeting and will be bringing the following representatives:

Astor Boozer, RC West

Julie Grogan-Stewart, NRCS Deputy Chief of Staff

Astrid Martinez, STC WY

Ron Alvarado, STC OR

Ray Dotson, Acting STC MT

Tim Griffiths, SGI Coordinator

Dave Naugle, SGI Science Advisor

Seth Gallagher, IWJV

Jeremy Maestas, State Biologist, OR

Brian Jensen, State Biologist, WY

Galon Hall, WLFW Coordinator

The only remaining question we have is are the other FWS regions (1 and 8) also going to be joining via VTC? I had assumed that was the case but want to clarify.

Again, we're looking forward to the meeting and will see you next week.

Tim

Tim,

Hope you are doing well. Please see attached a draft agenda for our meeting next week. Please review and let me know if you have revisions. Please note I included a placeholder for your roster. A few notes on the meeting:

- We have a conference room that accommodates ~20 folks. We'll have VTC capability and a laptop projector. I anticipate 7 or so FWS folks in person and roughly ½ again that number via VTC and/or phone. In terms of our actual roster, you can expect the folks copied here, plus our other ARDs-ES (or their representatives); and key members of our technical team.
- I put the spatial data items first on the agenda be: I think we are close to tying those off and am hopeful we can spend the balance of the day working through remaining questions re: CCAAs.
- Noreen is flying back from UT that morning and has a Colorado River Recovery Program executive meeting that afternoon but will try her best to join in between those commitments.

Thanks in advance for your review and reply and we look forward to seeing you all next week here in Denver.

Matt
