Subject:	GRSG 2015 chapter hand off
Date:	Tuesday, March 31, 2015 3:33:06 PM

Hi All,

OK tomorrow chapters will be handed off to species leads, appropriately on April 1.

When you upload your most recent draft, under **review stage click on "Specify Your Own Value"** and type in **SpLeads April,** mainly so I can be 100% clear what is the most current draft and also SPLs can use the view.

So far, I have Urbanization, Ag Conversion, Disease, Climate Change, Equids, Mining, Wind/Solar, and Invasives.

I have a strong feeling there might be others already there, if so just please add info above in review stage.

Give me a call if you have questions.
