He is not with me - hes in CA water negotiations all day. I recommend making the changes, including what I sent yesterday and shooting it to him in an email to see if he'll give the thumbs up.

Given what I heard from Amy earlier this morning, I think we should put the date as late-March. I think folks are still aiming for the 23rd, but it sounds like the State briefing could happen as late as next Monday or Tuesday.

Matt, some verb tense changes, a little updating, and a comment/question.

Thanks

Hi, Ren. Hope you are well. Noreen asked I share a review draft of the current Sage-Grouse Update, which we produce here with input from the FWS GrSG team and provide to Dan and HQ leadership to promote situational awareness. Mary kindly contributed the Barrick content, but we wanted to make sure you saw same in the larger context of the document. Once you are good we'll ship this to DC. Thanks in advance.
