Hmm. Sarah told me that they were invited. Sure hope that's the case. I'll try to confirm with her on Monday. -- GDF

> Gary, I called and left a message with your secretary. Next week Ken Mayer is coming into to brief the Secretary on the WAFWA Invasives report at the request of Sarah G (I presume). I am accompanying Ken as both Ren and Noreen are both tied up. We have worked with Ken to develop a crisp tight message. We know the briefing is scheduled for noon on Tuesday but no other details have been provided. Do you know the location, who will be attending, etc. so we can better be prepared for the audience? If I need to call Sarah,

I am prepared to do so but did not want to jump out of our chain unnecessarily.

Secondly, we really need to circle back to the State of Oregon regarding their ask relative to wind and solar. I talked with the BLM State Director and we both feel we owe Oregon an answer. We have discussed this issue internally and believe we are unified in our answer. BLM at the State level is in lock-step with us. I need to know if we are cleared to communicate with the State. Have you have subsequent discussions on this issue that necessitate more discussion with Ren, Noreen, and I?

Should I set aside some time to talk with you when I am in town next week? I will be available the entire day Tuesday. BTW - The CCAA signing event with the remainder of OR counties was great. Paul's team is doing awesome work! I was the designated official and pretty face for the Service. I hope you are well. rich
