Hi. Yes, Theo will post the final doc at 1200 MDT today and then we can share that link broadly. Copying Theo in case there's any further need to coordinate. Thanks.

deliverables (I think it was a version of Angela Burgess' CCAA/WLFW doc) from the CCAA/WLFW earlier in the month in Lakewood? Tim is on spring break, I hadn't heard anything since the meeting. A JV partner in WA state is looking for info regarding CCAA and WLFW to add to the WA State CCAA being developed by Washington Department of Fish and Game... I was thinking using the most up to date versions of things would be best. I have some other WLFW documents that should suffice for the time being if need be. (Galon the docs. I have that seem best suited is the NB from Chief Weller from 12-2013,including the said attachments - see attached NB)

Thanks for any updates!

Seth
