Subject:	Delivery of FIAT Assessments
Date:	Monday, March 30, 2015 2:57:28 PM

All,

Below is the expected timeline for the FIAT roll-out. The final assessments should be available to the FWS on 3/31 and you should be receiving an email with a hotlink to an FTP site to access the assessments.

Friday, 3/27 end of day: FIAT assessments are made available to BLM and USFS leadership. This will occur through a hotlink to an FTP site. Doug Havlina to send out this email.

Monday, 3/30: Amy Lueders and Rex McKnight provide a briefing to Steve Ellis and WO leadership.

Tuesday, 3/31: FIAT assessments are made available to other Fed partners (primarily USFWS and NRCS). This will occur through a hotlink to an FTP site. NIFC BLM external affairs (Randy Eardley) will coordinate this outreach.

Thursday, 4/2: FIAT assessments are made available to State partners. This will occur through a hotlink to an FTP site. NIFC BLM external affairs (Randy Eardley) will coordinate this outreach.

Friday, 4/3: FIAT assessments are made publicly available at the BLM's National Sage-Grouse internet site. Mitch Snow (WO Public Affairs) and EMPSi staff (Peter Gower and Sean Cottle) will coordinate on the transfer of the assessments and spatial data to the Washington Office. Mitch will post these at the WO Sage-Grouse webpage by COB Friday, 4/3.

The early delivery of the FIAT assessments should be viewed as an opportunity to examine the spatial data and is meant to provide us with time to digest the findings and contemplate the Service's role in upcoming steps: (1) prioritization of PPAs and outyear work, and (2) the Service's role when NEPA begins for the highest priority PPAs.

Please let me know if you have any questions,

--
