Hi Jeff,
I think it is ~9.6 million acres of core including Garfield/McCone. I am out of town and don't have access my network drive where the spreadsheet lives that Adam created with exact numbers. Adam, if you are around today and have a moment, could you send the correct numbers to Jeff?
Thanks!
Catherine

Hey Catherine - do you know what the new MT core area total acreage is, considering the addition of the Garfield/McCone area? Thanks!
