Ted & Sarah,

I apologize for missing the call - I had an unavoidable conflict this morning.

>> At the time of document preparation, spatial data were not available which portrayed the distribution of invasive annual grasses across the range of GRSG. Therefore, as part of the NEPA process, conduct inventory and monitoring to identify treatment needs related to invasive annual grasses. Management actions needed in PPAs include: locating infestations, decreasing propagule pressure (especially along roadside areas), treating satellite infestations, and preventing future infestations.
