thanks Dawn!

I also am wanting to add photo example of each seasonal habitat type since we are always trying to emphasize importance of habitat. (or maybe deep down I am trying to add pretty pictures to distract people from noticing what a mess this is turning out to be)

Pat said she was going to ask State folks if they had any to use. I asked Moynahan if he had any for winter. If you have any from your work bring it on!

As time allows i have been trying to update information. (e.g., Winter discussion from 2010 was only 3 sentences, I have totally rewritten that (is currently VERY rough draft, but at least have some new literature there)).
