I talked with each one of you today about the sage-grouse habitat distribution map in Montana. Would you be willing to get on a conference call early next week to discuss the different sage-grouse-related mapping layers, how they are being used, and if we need to make any modifications &/or in the case of the revised FWP habitat map, recall it temporarily until it can be vetted more fully?

I am available Monday 3/30 anytime between 9 am - 3pm or Tuesday 3/31 anytime between 9 am - 1 pm or 3 - 5 pm. Please let me know your availability and I will set something up.

Thanks!

Catherine
