If I get it to you by COB Monday is that expeditious enough? That would allow for all pivotal parties who disseminated the memo to provide me with what they did (or didn't do) and what feedback they may have received, though I'm guessing it will be little to none.

Yes, I have 4/11 blocked out and am planning to accompany Jason Pyron and whoever else is coming from our office to the Burley ball.

I was planning to touch base with you since Anna is passing on participation. Please let me know if there's anything you want me to bring, be prepared for, provide, or otherwise. At a minimum, I will be having the stay-in-your-lane talk with our crew on the way down from Boise.

Looks like you got a few Idaho folks on the bus.

your people and our partners as you see fit. (Mike T. recently provided it to WGA and the SGTF, so it is in wide circulation.)

Also, attached are the internal communications materials for this memo. Please refer to these as necessary to inform conversations about the memo and its purpose and content with partners and other stakeholders. Please note FWS media contacts at the bottom of that document.

Please let me know if you have any immediate questions and we can discuss this further if need be on today's FMT call.

Thanks.
