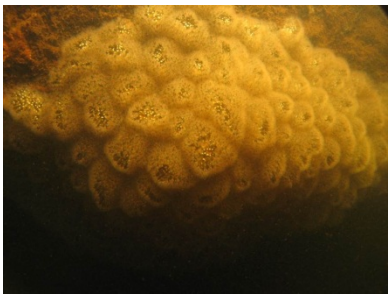
NISAW

National Invasive Species Awareness Week



I want to help prevent the spread of invasive species here in my own state. Where do I begin?

State Invasive Species Councils

What are they?

A group of concerned individuals fighting to prevent new introductions and mitigate the impacts of invasive species already established in your state.

Click your state's link and get involved:

Oregon
Washington
Idaho
Hawaii

Tiny invasive Coqui frogs are causing big problems in Hawaii

Report an invader!

- USGS Nonindigenous Aquatic Species database
- OR Invasive Species Online Hotline
- MapInvasives
