

Meeting Announcement
Trinity Adaptive Management Working Group
March 1, 2005
Weaverville, CA

The Trinity Adaptive Management Working Group (TAMWG) will meet Tuesday, March 1, 2005 from 9:00 AM to 5:00 PM at the Veteran's Memorial Hall, 101 Memorial Lane, Weaverville, CA. The primary objectives of this meeting will include: Introduce new members; historical overview; program orientation; how to make TAMWG more effective; TAMWG organization, operations, and effectiveness; and election of officers. The agenda items are approximate and are dependent on the amount of time each item takes. The meeting could end early if the agenda has been completed. The meeting is open to the public.

The TAMWG affords stakeholders the opportunity to give policy, management, and technical input concerning Trinity River restoration efforts to the Trinity Management Council. Members of the working group represent a broad cross-section of organizations that are not otherwise represented on the decision-making Trinity Management Council. These interests include residents of the Trinity River basin, recreational and commercial fishing organizations, Trinity Lake resort owners, white water rafters and guides, power utilities, irrigators, small businesses, and forestry associations.

A draft agenda for the meeting will be available in the near future for download from the Arcata Fish and Wildlife Office website at <http://arcata.fws.gov>
