Already getting lots of use out of this doc. Let's please plan to have it posted by 1200 MDT tomorrow so we can share it with ease. Thanks.

I'm actually setting here with Tim, Julie and my leadership at a SGTF meeting where we plan to distro the joint NRCS-FWS SGI/CCAA fact sheet to the state and federal partners tomorrow. We should have it up on the FWS GrSG website this time tomorrow and I can flip you that URL then. Does that work?

Do either of you have an update on the deliverables (I think it was a version of Angela Burgess' CCAA/WLFW doc) from the CCAA/WLFW earlier in the month in Lakewood? Tim is on spring break, I hadn't heard anything since the meeting. A JV partner in WA state is looking for info regarding CCAA and WLFW to add to the WA State CCAA being

developed by Washington Department of Fish and Game... I was thinking using the most up to date versions of things would be best. I have some other WLFW documents that should suffice for the time being if need be. (Galon the docs. I have that seem best suited is the NB from Chief Weller from 12-2013,including the said attachments - see attached NB)

Thanks for any updates!

Seth
