Ken -- I had put Mark in contact with Deputy ARD Nicole Alt to work on scheduling a meeting or webinar for our technical folks. I do not need to be part of that follow-up briefing, but I said I'd leave it up to Nicole to determine who should be invited and whether others from USGS, BLM, or the states might be interested.

I do not know whether Mark ever connected and set anything in motion with Nicole, but she can be reached at the email above or at (303) 236-4213. -- GDF
